Plastic Drum or Barrel Manufactured by Plastic Labware India.

Specification:-

Drum or Barrel is Made of polypropylene with Full Open Top Drum suitable for handling, storage and transportation of semi liquid, solid and pasty substances, including food products, bulk drugs and chemicals.

Easy access for stirring, emptying and cleaning.

Exceptional stacking strength

Plastic Drum & Barrel

Model No:- SPDB 101

A removable cap is fitted to the drum's top end, using a galvanized steel or plastic closure ring, which is locked by a closing lever.

A special master batch with UV Stabilizer is used to ensure protection during long term exposure to sun irradiation.

The drum can be transported anywhere as they are sturdy enough to bear the jerk & jolts of the transportation.

We are Manufacturer Exporters and Suppliers of Plastic Drum or Barrel at wholesale competitive prices from India.
